

## Wastewater System Monitoring Bertram, Iowa

**Client Name:** Four Oaks Inc. of Iowa  
**Contact:** Mr. David O'Clair, Facilities  
Manager  
**Phone:** (319) 364-0259

EarthView Environmental's certified Wastewater Treatment Operator monitors a small public wastewater system for Four Oaks Inc. of Iowa's group home in Bertram, Iowa, to assure compliance with the Iowa Department of Natural Resources' treatment (discharge) standards. The wastewater system is comprised of aerobic fixed-filter treatment units followed by constructed wetlands.

EarthView conducts monthly monitoring inspections of the wastewater system (and public water well system), conducts all testing, develops a maintenance schedule, and files reports with the facility and the Iowa DNR.
