Phone: (515) 288-3142

Year Completed: 2006

Responsibilities: Project Manager, Wetland
Delineation, Mitigation Plans, Joint Permit
Preparation and Review, Construction
Monitoring, Ongoing Monitoring

EarthView conducted the wetland delineation, developed the mitigation plan, and secured permits for the new Wetland Park, which consists of a two-acre pond and four acres of wetland between the new hotel and the Iowa River. This project also included our assistance with the design of an elevated trail system, educational signage, and planting plans.
